

AS 5 NEXT

GHIBLI
FEEL THE PRO

The new generation dry vacuum cleaner that combines compact size and high performance!

AS 5 NEXT: efficiency meets practicality. Designed to ensure flawless results and maximum ergonomics for the operator.

AS 5 NEXT

AS 5 NEXT comes in three models: two cable-operated, **AS 5 NEXT FT** and **AS 5 NEXT FC**, and one battery-operated, **AS 5 NEXT BC Lithium**, designed to ensure the best vacuum performance.

The machine head, which houses the powerful motor, is designed for quiet operation and high cleaning performance. Designed to best combine compactness, ergonomics, practicality and excellent performance, AS 5 NEXT is **extremely handy and efficient**.

This vacuum cleaner is thus the perfect solution for **working easily and comfortably in the Ho.Re.Ca. sector, in shops, offices and any other small to medium-sized space, even the most congested ones.**

TECHNICAL FEATURES

FEATURES		AS 5 NEXT FC	AS 5 NEXT FT	AS 5 NEXT BC LITHIUM
Voltage - Frequency / Power Supply		220-240 V~ 50/60 Hz	220-240 V~ 50/60 Hz	Set of 2 Lithium batteries 18V 10Ah
Maximum power	W	1000	1000	600
Rated power	W	800	800	600
Tank capacity	l	14	14	14
Useful capacity	l	7	7	7
Filter bag capacity	l	6	6	6
Filter surface area	m ²	0,29	0,09	0,29
Air flow rate	l/s	46	46	38
Vacuum	mbar	242	242	250
Sound level	db(A)	<70	<70	<70
Cable length	m	10	10	--
Weight (without accessories)	Kg	6,3	6,4	5.35 - 7.35 (*)
Dimensions	mm	350x350x485	350x350x485	350x350x485

(*) Weight with batteries

AS 5 NEXT

ERGONOMICS

The design of AS 5 NEXT is specifically intended to ensure maximum ergonomics for the operator during work sessions: the head features a **comfortable and durable handle**.

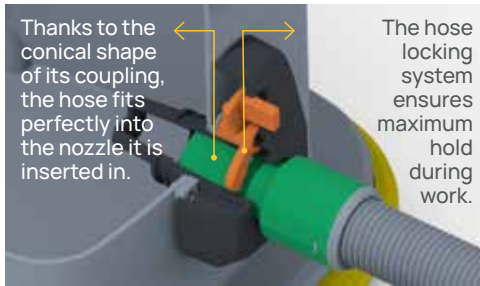

The operator can **carry both the machine and accessories at the same time** by gripping the handle on one side and storing the rigid extension on the other thanks to the convenient storage on both sides of the head.

Finally, the release system located on the nozzle allows you to **easily release the hose with just one hand**.

PRACTICALITY

AS 5 NEXT is equipped with a **double hose coupling system** that also further improves vacuum performance.

The machine is equipped with **practical accessory holders located on the head of the machine** that allow the operator to always have the necessary equipment available for all cleaning operations.

The trolley is equipped with pivoting wheels at the front and fixed wheels at the rear as well as a bumper seal to make AS 5 NEXT **extremely manoeuvrable, stable and resistant during movement**.

TOP PERFORMANCE

The **powerful motor** ensures professional performance for excellent cleaning results.

The **large set of filters supplied (fleece bag, cloth filter and cartridge filter depending on the model)** guarantees a highly efficient filtration system, allowing the operator to work in complete safety.

An extensive set of **high quality accessories**, designed to meet different user needs and work on both hard and textile surfaces, completes the standard equipment.

AS 5 NEXT FC / FT

PRODUCT IDENTIFICATION

MODEL	CODE
AS 5 NEXT FC	18451210001
AS 5 NEXT FT	18451210060

POWER CABLE

AS 5 NEXT is powered by a **10 meter cable** which ensures wide coverage of the work area without the need to search for power outlets or use extension cords. The vacuum cleaner is also equipped with a special holder for neatly storing the cable at the end of the job.

TWO MODELS: FC AND FT

AS 5 NEXT is available in **FC version, with standard cartridge filter, and FT, with standard fabric (polyester) filter**, and both provide the best vacuum and filtration performance. The filters are easily accessible: simply unhook the head from the vacuum cleaner's capacious 14 l drum to reach in and remove the filters and carry out the main maintenance operations.

AS 5 NEXT BC Lithium

PRODUCT IDENTIFICATION

MODEL	CODE
AS 5 NEXT BC Lithium	18461210001

CORDLESS ALLIANCE SYSTEM (CAS)

CAS

The **universal battery system** developed from the most important partnership between manufacturers that allows batteries, chargers and different machines to be combined quickly and easily, guaranteeing maximum flexibility.

MULTIPLE EXTRACTION INTENSITIES

The vacuum cleaner boasts two different suction powers, selectable according to need: the **Eco mode**, designed to reduce energy consumption without compromising cleaning efficiency, and the **Boost mode**, ideal for tackling the toughest dirt.

BATTERIES AND CHARGERS

Robust and resistant to accidental impact and falls, the CAS batteries used for the cordless model of AS 5 NEXT are designed to offer users **versatility, great reliability and high-level performance**.

Lithium batteries that can be recharged at any time, even partially during short breaks in use, without being damaged. The set of two 18V 10Ah batteries included in the standard equipment guarantees a **backup time of up to 50 minutes**. In addition, the convenient release button allows batteries to be removed and inserted quickly and easily.

The practical charger, equipped with two USB inputs to charge other devices as well, allows the batteries to be recharged in just over an hour.

STANDARD ACCESSORIES

FLEXIBLE HOSE Ø 32 MM
Length 2.5m. Ergonomic handle with vacuum intensity regulator.

Code 6010722

TELESCOPIC TUBE
Made of black aluminium, it lets you get into even the most hard to reach places. For BC Lithium version.

Code MK-022

RIGID EXTENSION 0.5 M *
A convenient black aluminium extension allows the machine to cover a larger working area.

* 2 for FC and FT versions
Code 01-341

DUST FLOOR NOZZLE Ø 32 MM
Suitable for treating hard surfaces. For FC and FT versions.

Code 2511523

ADJUSTABLE COMBINED FLOOR NOZZLE Ø 32 MM

Ideal for hard surfaces such as floors and parquet, as well as textile surfaces such as carpets and rugs, it allows you to adjust the adherence to the surface in three different levels that can be selected directly on the nozzle. Equipped with small wheels for easy cleaning. The joint at the base of the connection with the rigid tube guarantees maximum flexibility by keeping the nozzle in the optimal working position. For BC Lithium version.

Code 2511488

CURTAIN / SOFA NOZZLE Ø 32 MM
Suitable for treating fabrics.

Code 856000101

BRUSH Ø 32 MM
With bristles, to remove dirt even in the most stubborn places.

Code 856000061

CREVICE TOOL Ø 32 MM
For vacuuming even in the hardest-to-reach spaces.

Code 856000071

CARTRIDGE FILTER
With filter surface area 0.29 m². For FC and BC Lithium versions.

Code 2512702

CLOTH FILTER
For maximum motor protection. Included in the FT version.

Code 6595000

FLEECE BAG
With a capacity of 5 l.

LITHIUM BATTERIES 18V 10AH
These ensure an autonomy of 50 minutes. For BC Lithium version.

Code 7549002

8A BATTERY CHARGER
It allows batteries to be recharged quickly (just over an hour for a full charge).

Code 7502550

OPTIONAL ACCESSORIES

COMBINED FLOOR NOZZLE Ø 32 MM

It can be used both to clean hard surfaces such as floors and parquet, and to vacuum textile surfaces such as carpets and rugs.

Code 2511538

HEPA CARTRIDGE FILTER
Made of H14-certified material, it captures even the finest dust and has a filter surface area of 0.29 m².

Code 2512709

PAPER BAGS
Pack of 10 pieces of 5 l paper bags.

Code 6595030

FLEECE BAGS
Pack of 10 pieces of 5 l fleece bags.

Code 6596010
