

V 10 – V 15

The solution that combines convenience and performance: efficiency and ease of use without compromise!

Ghibli's small professional dry vacuum cleaners provide power, manoeuvrability and light weight in an economical and convenient formula.

With tank capacities of 10 or 15 litres, 10 m power cable and an extensive set of accessories supplied standard they allow the operator to work in the best conditions and achieve excellent cleaning results. These highly competitive machines are the ideal solution for cleaning small and medium-sized areas, such as hotels, offices, shops and homes.

PRACTICAL AND COMPACT

V 10 and V 15 are extremely practical, compact and manoeuvrable vacuum cleaners. Their small dimensions allow them to operate even in the tightest of spaces. The ergonomic handle, together with the accessory support systems and cable, ensure easy and comfortable operation.

POWERFUL AND EFFICIENT

V 10	700 W <small>Max power rating</small>	27 l/s <small>Air flow rate</small>	12 l <small>Tank capacity</small>
V 15	800 W <small>Max power rating</small>	28 l/s <small>Air flow rate</small>	15 l <small>Tank capacity</small>

The highly professional 700 and 800 W motors guarantee high performance and allow these machines to work effectively and efficiently, ensuring the best cleaning results.

V 10

This small, professional vacuum cleaner offers the perfect blend of power, manoeuvrability, robustness and lightness, making it highly competitive in its class.

Excellent manoeuvrability is ensured by the pivoting front wheels and the fixed, large-diameter rear wheels. The ergonomic handle, as well as the accessory and cable support systems, have been designed to offer maximum ease of use.

Thanks to its highly professional 700 W motor, user-friendly design and compact size, this device is ideal for cleaning small and medium-sized areas such as hotels, offices, shops and homes. 10 m power supply cable included.
