

Walk behind scrubber dryers REXA 50 SERIES - with TRACTION

Rexa 50 SD 55 is the walk-behind scrubber-dryer designed to guarantee excellent performance in daily cleaning operations in medium-sized areas. Its 50 litre capacity, 530 mm washing track and 750 mm suction width ensure a productivity of approximately 2650 m²/h, guaranteeing fast and effective results even in the most complex areas to clean. The ergonomic handle with integrated dual-sensor Touch System allows precise control of the machine, making every work session easier and more comfortable. Rexa 50 SD (Simply Driven) is designed to guarantee the best washing and drying performance, combined with extreme ease of handling and use. A perfect mix that guarantees the best performance in use, making every cleaning operation easier and more functional. The high-efficiency vacuum motor provides high power while reducing consumption for more sustainable and cost-effective use. Daily maintenance is facilitated thanks to the recovery tank with a large opening, which facilitates inspection and cleaning, and the practical, easily removable debris tray, which allows for quick waste management. Rexa 50 SD is the ideal solution for those looking for a compact, efficient and user-friendly scrubber-dryer that combines high cleaning performance with practical and fast machine handling.

Available in three configurations: a basic version and two full package versions, BC and BC PLUS, complete with batteries and charger. The BC version offers a running time of over 2 hours, while the BC PLUS version goes up to 3 hours.
